

Treasurer's Report

I have responded to the Michigan Liquor Control Commission regarding two additional reporting requirements. I am awaiting a reply from the state and I think we will be exempt from the requirements as they relate to State Funds received for local law enforcement and fees we collect for law enforcement. Neither of which apply to the Village.

I have received the December Board of Review figures for 2008 and 2009 tax adjustments. The figures slightly change the total levy for both years and the updated figures have been relayed to the bookkeeper for her computer records as well as corrected figures for the auditors.

I am working with the Township Treasurer on a joint legal endeavor to start the process of collecting delinquent personal property taxes. Hopefully I can update you prior to our meeting on January 18.

Jerry VanHuystee

Village Treasurer
